Keplerstraße 2/R. 153

72074, Tübingen

Germany

Education

- 2026 – Present **Eberhard Karls Universität Tübingen**
PhD in Cognitive Science within SFB 1718 Common Ground
Supervised by Prof. Dr. Michael Franke, Jun.-Prof. Dr. Manuel Bohn
- 2024 – 2026 **Eberhard Karls Universität Tübingen**
M.Sc. in Quantitative Data Science Methods (Specialization in Machine Learning)
Thesis: *Interpretable Markovian Models of Animal Communication*
Supervised by Prof. Dr. Dmitry Kobak, Dr. Alex Jordan
- 2021 – 2024 **University of Oxford**
BA in Experimental Psychology with First Class Honours

Publications

- 2026 Castro, L., **Albrecht-Buehler, A.**, Wasserman, E. Focused and distributed: Diverse attentional profiles in pigeon category learning. *Learning & Behavior*.

Other research experience

- March 2023 – **FHS Library Dissertation** – University of Oxford
March 2024 Supervised by Professor Robert Hepach
Title: *Interspecies Comparison of Culture and Communication Methods in Humans, Great Apes, and Birds*

- March 2023 – **FHS Research Project (Bachelor's Thesis)** – University of Oxford
 March 2024 Supervised by Professor Hannah Smithson
 Title: *Effects of Iridescence on Flight Behaviour in Bumblebees: A Field Project and Laboratory Study*
- July 2022 – **Research Assistantship** – Comparative Cognition Laboratory, University of Iowa
 January 2023 Supervised by Professor Edward Wasserman
 Project: *Individual Differences in Categorization Strategies in Pigeons*
 Investigated individual differences in attention and pecking behavior in pigeons while learning an abstract categorization task. Received certification in pigeon handling, regularly handled pigeons and ran them in behavioral experiments.

Talks

- April 2024 Distinctions Within Communication and Language Across Species
Oxford Salon, Oxford, UK

Honors and scholarships

- July 2025 Tübingen Excellence Strategy Student Representative
 August 2024 New College Exams Prize
 February 2022 New College Collections Prize
 October 2021 New College Instrumental Award

Technical skills

Programming languages

R, STAN, Python, PyTorch, MATLAB

Software

LaTeX, Git, Blender

Languages

English (native), German (B2)

Other interests

Classical Piano

Studied 18 years, recent honors include:

Performed at New College Benefactor's Concert (May 2024)

Two-time Winner of New College Music Society Concerto Competition (2021, 2023)

Secretary of New College Music Society (October 2022 – June 2023)

Performed at New College Warden's Recital (November 2022)
